*VESTRY MEETING, Sunday, January 29, 1984, after the 11 p.m. service.

Dear Parishioners,

Apologies for the lateness and brevity of this newsletter. "Systems overload" has become a reality rather than a quaint term for me this year. Therefore, I am really pleased that Mrs. Joyce Ramsey has agreed to take over the newsletter for us. Mrs. Ramsey and her husband, Mike, became members of our parish in the fall and have been very active since. We value their participation and are sure that Joyce will do a fine job with the newsletter.

I look forward to continuing to help on the membership committee, with the invaluable aid of Irene Munroe. We are all thrilled at the way our membership is growing and thank God for sending us the Reverend Gordon King at this time. Optimism refreshes our spirits, and we pray that our growth will continue.

Thank you to everyone who has helped with the newsletter - either with providing information or articles or helping with the typing. A special thanks to Sharon Towne.

See you all on the 29th at the Vestry Meeting!

Sincerely,

Lynne Davis
