#### In Many Places the Ban on Public Meetings is Removed

The Spanish influenza situation shows a marked improvement, except in the West. Following is a summary of special and Canadian Press reports for yesterday, or up to yesterday morning. Many Boards of Health are removing the prohibition of meetings, and allowing schools, theatres, etc., to reopen.

Woodstock Board of Health decided yesterday to lift the ban on public meetings at midnight, Tillsonburg Board lifted it yesterday, and the high school opened this morning and theatres and poolrooms in the evening. The Mayor of Windsor meetings would be lifted to-night and schools would reopen Monday Brantford Board will likely lift the the ban in force, and will not permit Board decided it could not lift the articles include arrowroot, cake Board decided it could not bit the ban on theatres yet, and said at made from wheat flour, canned fruits, chewing gum, honey, fruit jams, chewing gum, honey, fruit jams, chewing gum, boney, fruit jams, edible jellies, mustard, pea thorities, while not favoring a resumption of church services next Sunday, have written to the pastors. thorities, while not favoring a resumption of church services next Sunday, have written to the pastors laying the facts of the improved, but still serious, situation before them, out leaving it to their discretion to act as they see fit. Kingston Board has removed the ban on churches from Sunday next, and on schools. Thomas Board will not likely remove the ban for a few days yet; merchants are asked to close at 6 p.m. saturday to avoid the usual congession.

Saturday to avoid the usual congestion.

New cases in Windsor yesterday were 15, but deaths showed an increase, being five. Dr. G. R. Cruickshank, Medical Officer of Healin, has received a further 500 doses of vaccine, which are available to citizens of the border cities at Hotel Dieu.

Guelph had ten deaths in 24 hours up to last evening. Brantford research

# The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families sourious medicines. ducing into their families spurious medicines.

It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed counterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves but the child has to rely on the mother's watchfulness.

### Letters from Prominent Druggists addressed to Chas. H. Fletcher.

C.ntral Drug Co., of Detroit, Mich., says: "We consider your Castoria a class distinct from patent medicines and commend it."

Christy Drug Stores, of Pittsburg, Pa., say: "We have sold your Castoria for so many years with such satisfactory results that we cannot

refrain from saying a good word for it when we get a chance." Jacob Bros., of Philadelphia, Pa., say: "We take pleasure in recommending Fletcher's Castoria as one of the oldest and best of the preparations of the kind upon the market."

stores and that it gives universal satisfaction to our trade." Polk Miller Drug Co., of Richmond, Va., says: "Your Castoria is one of the most satisfactory preparations we have ever handled. It seems to satisfy completely the public demand for such an article and is steadily

creating a growing sale by its merit." P. A. Capdau, of New Orleans, La., says: "We handle every good home remedy demanded by the public and while our shelves are thoroughly equipped with the best of drugs and proprietary articles, there are few

if any which have the unceasing sale that your Castoria has."

M. C. Dow, of Cincinnati, Ohio, says: "When people in increasing num. bers purchase a remedy and continue buying it for years; when it passes the fad or experimental stage and becomes a household necessity, then it can be said its worth has been firmly established. We can and do gladly offer this kind of commendation to Fletcher's Castoria."
